put out in short order and there was
but slight damage done.

Deputy County Attorney Milverton
yesterday filed the county's answer to
the claim of Justin S. R. de Miller for
a large slice off a road in Paloo valley.
Miller originally gave twenty feet of
land for the road but the fences are
still placed twenty-five feet apart and
that space has always been used.

"One thing that pleased me," said
George R. Carter last evening in his
talk at the meeting of the Men's Club

American Capital Will Assist

WASHINGTON, Oct. 14.—American and British capitalists will con-
struct the railway from Chin Chow Fu to Taitika. Agreements have been
reached for the financing of the road and an agreement has been made
with China whereby no opposition will be offered to the pursuing of the
work by the contracting parties.

The Chin Chow Fu Taitika railway is 400 miles in length and con-
nects with the trans-Siberian railway, constructed by Russia. It will be
of immense value in developing the commercial possibilities of the Flow-
ery Kingdom, for it will tap some of the most promising territory in
the East.

Since it became known that American financial men had demand-
ed consideration in connection with the Chinese railway loans there
has been considerable expectancy on the part of those anxious to find
out just what America intended doing in regard to the matter. Today's
able dispenses with a host of rumors regarding friction.

RUSSIA BLEEDS FINLAND.

HELSINGFORS, Oct. 14.—Finland must contribute \$4,000,000 to-
ward the Russian military budget. Orders have been received here from
the Imperial Russian government directing that that sum of money be
taken from the Finnish treasury and paid over as a contribution toward
the support of the armies of Russia.

The size of the contribution which Russia demands from Finland has
caused no little comment. Large sums have lately been expended on the
Russian army and that some demand for contributions would be made
was not unexpected. Four million dollars is a little more than was bar-
gained for, however.

REP. AFFONSO SAYS
LEGISLATURE ACTEDHilo Representative Writes
His Views On
Organic Act

Representative G. F. Affonso's
views on the amendment of the Or-
ganic Act and the special session of
the Legislature are expressed in the
following letter to the Hilo Tribune
under date of October 11:

A recent issue of the Honolulu Ad-
vertiser, in writing up the proba-
bility of a special session of the Leg-
islature in regard to land legisla-
tion, had, among other things, the
following to say:

"The Governor appeared before
the Committee on Territories at
Washington and backed the original
bill. The local House of Representa-
tives, at the last session of the Ha-
waiian Legislature, endorsed the lat-
ter Kuhl bill and passed the matter
up to the Senate, which shelved it."

The "later Kuhl bill" referred to
in the above quoted passage was the
bill introduced in Congress by our
Delegate amending the Organic Act
and authorizing our Territorial Leg-
islature to have full powers in enact-
ing land legislation.

On February 17 last, the opening
day of the session, I introduced in
the House of Representatives, House
Concurrent Resolution No. 2, the
resolution referred to in the Adver-
tiser and which it claimed the Sen-
ate "shelved."

The House adopted my resolution
on the following day, the 18th, and
sent the same to the Senate on that
date. On the 27th of the same month
(the Senate concurred in the resolu-
tion by adopting it unanimously, as
the House had also done. On March
8, Hon. E. A. Mott-Smith, Secretary
of the Territory, notified the Legisla-
ture, that the resolution, duly cer-
tified, had been forwarded to Wash-
ington that day by the S. S. Siberia.

Towards the end of the session
several attempts were made to nullify
the wishes of the representatives
of the people by counter resolutions,
but these attempts met with signal
failure.

The situation today is, as I view
it, and as expressed by the Legisla-
ture, that Congress should pass De-
legate Kuhl's bill, and that any and
all land legislation should be han-
dled by our people right at home.

I believe we should stand by our

former decision and work for local
land legislation. I do not view with
favor any special session of the Leg-
islature, for what it would recom-
mend would necessarily be attacked
in Congress by the "interests" and so
alter that its parents would not
recognize the child.

G. F. AFFONSO.

SALVATION ARMY
MATTERS ACTIVE

Major and Mrs. Willis of the Sal-
vation Army, who arrived at the end
of last month, are stirring up things
in the local branch of the Army.

The Major, who has been made a di-
visional officer here, was, prior to this
appointment, the provincial young
people's secretary of the South Pacific
division.

Major Willis, soon after his arrival
in Hawaii, made a trip to Honolulu
and dedicated the army's new build-
ing. He subsequently visited Wailuku
and other Maui districts and found the
cause flourishing. On the Alameda,
today, Captain and Mrs. Lyman are
expected to arrive. Mr. Lyman is a
Hawaiian born and will act as the Major's
assistant here.

Early in November Mrs. Command-
er Estill, accompanied by her aide,
Mrs. Colonel French, will visit the
islands and the formal opening of the
Salvation Army rescue home in Manoa
valley will take place.

COLORADO FEELS

SETTLERS' RUSH.

Influx of Homeseekers From Several
Eastern States Promises to
Break Previous Record.

Denver, Col.—The rush of land seek-
ers, that is expected to break all pre-
vious records this fall, has already be-
gun and local land agents agree that
more eastern farmers and fruit grow-
ers will come to Colorado to make
their homes in the next six months
than in any other similar period in
the history of the states.

At least 200 eastern homeseekers
have visited Denver in the past few
days to look at Colorado lands with
a view of settling here this fall, and
the majority of them have selected lo-
cations. One large company reports 75
prospective buyers in the period, and
all others report similar activity.

Most of the buyers are planning to
move to Colorado as soon as their
crops are harvested, and to begin pre-
parations at once for putting in win-
ter wheat and making the necessary
fall preparations for next year's crops.

The principal number of buyers is
from Illinois, Iowa, Missouri, Kansas,
Nebraska and Oklahoma, with a con-
siderable number from states farther
west.

WATERFRONT NOTES

One of the largest cargoes of mar-
chandize for Honolulu arrived by the
Oceanic Steamship Alameda in some
time was brought to this port today
by the San Francisco ferryboat. The
vessel arrived at her berth at the
Oceanic dock shortly after 2 o'clock
this afternoon. The steamer arrived
with mail and mail numbering 377
sacks. Seventy-nine cabin passengers
were brought down by the Alameda.
Nineteen hundred and fifty tons of gen-
eral cargo arrived by the vessel.
The Alameda's officers report some
rough weather the last day prior to
sighting the islands.

A DONKEY ENGINE for the wharf
at Kawaeha was included in the freight
shipped for Maui, and Kona and Kau
ports by the inter-island steamer Ma-
una Loa. The vessel sailed for the big
island at noon today. She carried a
fair list of cabin passengers destined
for the various ports of call. The
Mauna Loa is scheduled to return
from her regular run on Thursday
October 21.

ABOUT SIXTY passengers have al-
ready booked for passage to San Fran-
cisco by the Pacific Mail steamship
Siberia. The vessel is due to arrive
here on or about October 21, accord-
ing to late advices received through
the agency of H. Backford & Co. The
Siberia has sailed from Yokohama and
is bringing a general cargo for Hon-
olulu.

THE INTER-ISLAND steamer Ke-
anohou was the only arrival from island
ports this morning. The vessel
brought three roller shafts and several
packages of general cargo from Kona
and Hawaii ports. The steamer will
be dispatched this evening for Ka-
nae with a shipment of fertilizer.

A GENERAL CARGO from the east
coast of the United States is due to
arrive from New York by the Ameri-
can bark Nuuanu. This vessel was
eighty-nine days out from the port of
New York today. The old reliable
Nuuanu is bringing merchandise for
a number of local importers.

THE STEAMER Claudine, sailing
for Lahaina, Hilo and way ports, will
carry a general cargo and a fair-sized
list of passengers for Maui and Ha-
waii. The vessel is scheduled to de-
part at 5 o'clock this evening.

THE AMERICAN bark Foohing Suey
is reported to have sailed from New
York bound for the Hawaiian islands.
This vessel is bringing general cargo
consigned to the agency of Theo. H.
Davies & Co.

ADVISES FROM San Francisco an-
nounce the arrival of the Matson Nav-
igation steamer Hilonian at San Fran-
cisco yesterday. The vessel sailed
from Honolulu on October 5th.

PUGET SOUND lumber consigned
to the agency of Levers & Cooke is
reported to have left Tacoma, Wash-
ington, by the American schooner Alo-
ha, Captain Weltkunt.

A TEST has been made of the new
clam-shell dredge California. She was
tried out at the railway wharf and will
soon be sent down to Pearl Harbor.

CLUNEY CASE
IS CONTINUED

J. C. Cluney, Jr., charged with
heedless driving of a motor car
which, on the evening of September
16, ran down a carriage in which
was seated the Japanese consul and
his driver, will know his fate at the
hands of Judge Andrade at tomor-
row's session of the police court.

The Cluney case occupied much
time at the police court this morn-
ing. The testimony of the Japanese
driver of the consular vehicle was to
the effect that he was proceeding
along the Waikiki road on the right
side, with both lamps of the carriage
burning brightly. They encounter-
ed the Cluney motor and then fol-
lowed a smash and the driver under-
went a total eclipse. The Japanese
Consul was also considerably shaken
up by the collision. The Japan-
ese claimed that he heard no warn-
ing toot from the automobile.

Cluney was represented at court
by Attorney Alex. Robertson. He
insisted that he had employed the best
efforts to avoid an encounter
with the Japanese carriage. In or-
der to look into the case, Judge An-
dromed.
